

Science Fair Project Proposal Form

Complete by December 1, 2025

The question I plan to investigate in my experiment/project:

Question Checklist

| | |
|---|----------|
| 1. If you are entering a scientific experiment, can you answer your question with an experiment? | Yes / No |
| 2. Can you conduct a fair test by changing only one factor and keeping all other conditions the same? | Yes / No |
| 3. Will you be able to run more than one trial? | Yes / No |
| 4. Can you measure your variable with a number to represent a quality? | Yes / No |
| 5. Is the topic interesting enough to research and work on for the next few months? | Yes / No |
| 6. Can I find three sources of written information about the topic relating to my question? | Yes / No |
| 7. Will you have enough time to run your trials more than once? | Yes / No |
| 8. Do you have all the materials and equipment you need? Can you quickly obtain what you don't own? What will materials cost? | Yes / No |
| 9. Is your experiment safe to perform? | Yes / No |

- ❖ I have discussed the project idea and the checklist with my parents, and I am willing to commit to following through on the project.

Student Signature

- ❖ I have discussed the project idea and the checklist with my student, and I believe he or she can follow through with the project.
